TESTE 1: PROMPT VÁLIDO

The screenshot displays a REST client interface with a dark theme. At the top, a POST request is shown to the endpoint `_base_url_orchestrator/process`. The status is `200 OK`, with a response time of `114 ms` and a body size of `180 B`. The request body is in JSON format, containing a single field `"prompt": "teste válido"`. The response body is also in JSON format, containing three fields: `"original_prompt": "teste válido"`, `"sanitized_prompt": "teste válido"`, and `"llm_response": "Resposta gerada pelo LLM para o prompt: 'teste válido'. Esta é uma simulação acadêmica."`. The interface includes tabs for Auth, Query, Headers, Docs, Preview, Headers, Cookies, and Timeline.
